

The ERO at CUT:

- + In collaboration with the other eight (8) EROs, it connects and supports researchers within the EUT+ Alliance.
- + Actively promotes competitive research funding opportunities to CUT researchers, encouraging proposal submissions by EUT+ consortia.
- + Assists CUT researchers in identifying partners within the EUT+ Alliance for the formation of consortia to submit research proposals.
- + Provides guidance and support to EUT+ consortia regarding the proposal submission process for research funding programs.
- + Coordinates, together with the other ERO offices, the submission of research proposals among EUT+ partners.
- + Participates in the preparation of the administrative part of EUT+ research proposals (partner profiles, proposal budgeting, formatting, structure, and compliance with the call requirements, etc.).
- + Organizes training programs on research-related topics.
- + Maintains up-to-date researcher profiles at CUT.
- + In collaboration with the other eight (8) ERO offices, contributes to the Research Roadmap (mapping of research activity) of the EUT+ Alliance.
